

Instructions to Participants - pick one clip to perform from below:

Police chief: (*frustrated*) I don't know who this Atlas thinks he is, but this is my town, and he plays by my rules.

Slacker janitor: (*nonchalant*) So, like, if you aren't here on Monday, I'm gonna assume that your weekend was fan-tastic.

Army general: (*gruff*) Now, listen up! We're going to take that hill. And we're going to keep that hill! Got it?

Drug lord: (*businesslike*) I'm pretty sure that you're going to give me what I want. Or maybe you don't mind losing a few fingers.

Spaceship captain: (*grave*) This is going to test your mettle. It's going to push you to the breaking point. But it will be worth it. Who's with me?!

Spoiled little brat: (*rude*) I don't WANT to take a nap. You can't MAKE me take a nap. I don't—(zzzzzz).

Robotic butler: (*sarcastic*) Will that be all, sir? Very well. I'll be hibernating. Make that noise with your throat if you need me.

Adoring fan: (*gushing*) They are sooooo awesome. I torrented their last album, pirated their London concert, and bootlegged their DVD. I'd do anything for them!

Mother in denial: (*sweetly*) I completely understand, dear. Truthfully, I have no idea what you just said, but I support you 100%.

Creepy evil villain: (*confident*) I'm not going to kill them - I'm going to make them watch as I destroy their beloved planet.

Befuddled professor: (*exasperated*) You can't do that! That would be breaking the 1st and 3rd Laws of Thermodynamics! Not to mention...it would really hurt!

10 year old braniac: (*enthusiastic*) If I adjust the scanning frequencies to match the normalized amplitude of the enemy ship's power differentiator, I think I just might be able to shut 'em down.

Superhero: (*bold*) They'll want more than just our food supply - if we don't nip this in the bud, we'll be fighting for our very lives.

Rapunzel: (*helpless*) Please! All I want is to see the open sky, smell the fresh air, taste a bit of freedom!

Royalty: (*respectful*) This could all be yours, my dear. I simply ask that you treat my people with love and respect.

Creepy evil villain II: (*sarcastic*) Wakey wakey! Eggs and bakey! Up and at 'em, champ. These citizens aren't going to terrorize themselves, you know!
